Mathematics Placement

Course placement into mathematics is based on ACT and SAT subscores.

- Students with an **ACT Math of 25, 26 or 27** (Before March 2016: SAT Math 570-620; After March 2016: SAT Math 590-640) earn credit for MATH 105 - Applied College Algebra.
- Students with an **ACT Math of 28 or 29** (Before March 2016: SAT Math 630-660; After March 2016: SAT Math 650-690) earn credit for MATH 109 - Pre-Calculus Algebra.
- Students with an **ACT Math of 30+** (Before March 2016: SAT Math 670+; After March 2016: SAT Math 700+) earn credit for MATH 109 & MATH 110 - Pre-Calculus Algebra & Pre-Calculus Trigonometry and Function Theory

The Mathematics Placement exam allows a student to earn up to 6 credit hours in MATH 109 & MATH 110, therefore students with a Math ACT of 30+ (Before March 2016: SAT Math 670+; After March 2016: SAT Math 700+) should not take this exam as they have already earned this credit.
